

What do we do?

Activities at the PCC all revolve around our love of RC modeling and flying. However, we are a diverse group, and we enjoy many aspects of the hobby. Our ranks include scale builders, aerobatic competitors, pylon racers, glider pilots, and many who just fly for the fun of it.

Many club members are also instructors and can help beginners learn to fly using a “buddy box” that greatly reduces the chance of crashing and ruining your trainer airplane.

We organize formal and informal events throughout the year, including a banquet, a family day, a fun-fly and a guest day. Additionally, we often participate with other Bay Area clubs in their events.

We also recognize our responsibility as a good community citizen. We often participate in aviation-related charitable events like the Half Moon Bay Dream Machine, and we work together with local elementary and high schools to provide local youth with a taste of our hobby.

Where do we meet?

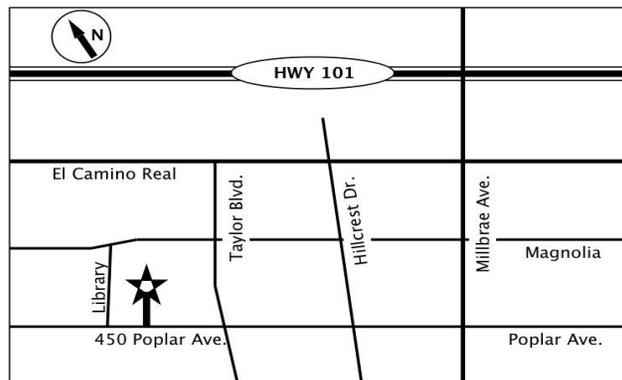

**Where: Dave Chetcuti Room
Millbrae Library
450 Poplar Avenue, Millbrae
Park in Library parking lot.**

When: The third Wednesday of every month, at 7:30 PM.

The PCC meeting provides an opportunity to discuss club business, see new projects, listen to guest speakers, enjoy “how-to” demonstrations, and chat over coffee and donuts.

Every meeting also has a raffle where lucky winners walk away with great prizes, usually a model or a valuable piece of equipment.

Guests are welcome, and for those who want to join the PCC, applications are available at the meeting.

How do I join?

The first step toward PCC membership is to come to a meeting, introduce yourself and learn about the club. If you have an aircraft, ready to fly or not, bring it along. There are always experts on hand to help beginners.

You must be a member in good standing of the **Academy of Model Aeronautics (AMA)** and have their insurance to fly.

What does it cost?

The PCC Membership fees are as follows:

- New Member: \$250.00 / year
- Renewal Member: \$125.00 / year
- Junior Member: \$30.00 / year

Questions?

We’re happy to answer questions. Feel free to contact us.

Where do we fly?

PCC maintains an Astroturf runway and support facilities at a field in Half Moon Bay. The PCC airfield is approximately 3.7 miles south of Highway 92 on the east side of Highway 1 in Half Moon Bay. For driving instructions and a map, go to

<http://flypcc.org/pages/where.shtml>

You may fly as a guest if, and only if, there is a PCC member present, and you have current AMA membership. Be sure to get a field orientation from a club member before flying, as we have specific flying areas and “no-fly” zones. You will be asked to show your AMA card. If you are not yet an AMA member, your local hobby dealer can tell you how to apply. You can also apply to the AMA online at
